

- (b) With regard to the removal of sandalwood from private holdings, only such of the trees as have been marked by the Forest Range Officer shall be removed with the previous written permission of the Range Officer.
- (c) The collection shall be confined to dead, and fallen sandal trees and to ground-hidden roots. On no account shall green and mature trees be uprooted. Axes should not as far as possible be used in the uprootal and rough preparation of sandalwood.
- (d) The sandalwood uprooted shall be roughly dressed in the jungle leaving a thin layer of less than half an inch of whitewood and shall be carted to the Koti. Each consignment to the Koti shall be covered by a passport, issued by the departmental subordinates.
- (e) The contractor shall further bind himself to collect and cart two-thirds of the contracted quantity before the end of December 1927 and the balance by the 30th June 1928.
- (f) The successful tenderer shall see that no injury is caused to the State Forests or property situated therein in the course of his operations and in the event of any such occurring through his negligence or of his men, he shall be made liable as per departmental rules.
- (g) Should the collection and carting of sandalwood to the Koti be found unsatisfactory, the District Forest Officer will immediately cancel the contract and make other arrangements for working out the contracted quantity making the contractor liable to pay up the extra cost, if any that may be incurred in connection therewith during the period of contract.
- (h) The contractor shall remove all the scented wood from the pits, from which the trees have been uprooted.
- (i) For the breach of any or all of the above conditions, the contractor shall forfeit the earnest money referred to in para 7 *supra* and the undisbursed portion of money if any due to him for collection and carting of sandalwood made till the date of default.
- (j) Payment of charges shall be made as per procedure now in vogue upon the production of the *koti* receipt for the sandalwood and ground-hidden roots received and weighed out in the koti.
